NETTEX CALVING SOLUTIONS

Roto Corona Plus

Help support the newborn calf's natural defences against the challenges of life.

Roto Corona Plus provides highly concentrated digestible energy and bovine proteins.

Administering one syringe soon after birth can help get them off to a great start.

Ideal for administering at times of stress such as transport.

Calf Colostrum

Easy to use full fat colostrum supplement providing reliable support whenever needed.

Convenient and easy to use.
Ideal for keeping on hand for quick and effective supplementation.

Double Strength Calf Colostrum

If you want to give your calves a strong start, try Double Strength Calf Colostrum with added minerals, vitamins, and protein to support performance.

All Nettex colostrums are made from natural, full fat colostrum sourced exclusively from TB & EBL free UK herds.

Hydra-Power

4 in 1 oral hydration formula, providing essential electrolytes, energy, an alkalising agent, and a natural antioxidant.

Features:

Sodium Acetate
→ help maintain normal pH levels

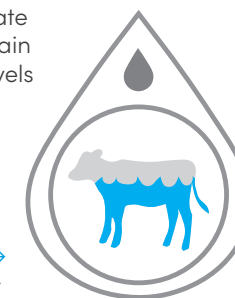

Sodium → facilitate water uptake

Natural antioxidant → help support immune function

Chloride and Potassium → maintain fluid balance and blood pressure

Hydra-Power is ideal for calves at risk of, during periods of and recovering from digestive disturbances.

Whatever your calving needs, we're here to help you get the job done. *Nettex here for farmers like you.*
